## Industry does WA proud at the 2018 HIA CSR WA Housing Awards

2018 HIA CSR Western Australian Home of the Year – Palazzo Homes

The 2018 HIA CSR Western Australian Housing Awards were announced at a stylish presentation lunch at Beaumonde on the Point on Friday 23 November. The event was well attended, with 240 HIA members and industry professionals celebrating in the success of WA's best residential builders. The award finalists were made up of winners from the Great Southern, Mid West, South West and Perth HIA regional housing awards, who then competed for state honours. Master of Ceremonies, channel 9 presenter Louise Momber announced 44 awards at the lunch, showcasing the variety of residential building in WA.

There was a diverse range of winners at this year's awards ceremony, with regional projects winning nearly half of the building categories. HIA WA Regional Executive Director Cath Hart commented "Our members truly have outdone themselves this year, particularly in the regions" She continued "Their dedication to excellence demonstrated today is to be commended. These awards show the WA residential building industry is dedicated to quality homes for their clients"

**Palazzo Homes** were big winners on the day, taking out the 2018 HIA CSR Western Australian Home of the Year, as well as WA Custom Built Home of the Year and WA Regional Home of the Year for their project in Waroona in the South West Region. The judges were blown away by this home commenting "Without exception, the quality of craftsmanship in this sprawling, pavilion style home was faultless. The three separate pavilions give the home a resort feel and the Hamptons influences, Italian slate roof and inbuilt high quality cabinetry all combine to make for a very stylish home."

**Giorgi** also took out multiple awards for their impressive apartment complex in West Perth, winning WA Apartment of the Year, WA Apartment Complex of the Year and WA Outdoor Project of the Year. The judges raved about this stylish development commenting that "This project is an absolute standout! The quality is exceptional throughout all aspects of the build. In truth it was almost impossible to find fault."

HIA WA's Chief Judge Max Pirone was impressed with the 2018 finalists saying "There were many robust discussions around the judging table this year, which is proof of the extremely high level of the 2018 finalists. Each year the bar seems to be raised in terms of creativity, ingenuity and originality which is inspiring. HIA Members are to be commended on their commitment to quality."
