HIA Hunter Region Appoints New President

Grant Williamson, Managing Director at Winspace Constructions was yesterday elected the President of the Housing Industry Association (HIA) Hunter Region.

“A Hunter builder with extensive home extension and renovation experience Grant Williamson has become the HIA Hunter’s 5th Regional President”, said Craig Jennion, HIA Hunter Executive Director.

“For the next two years Grant, along with newly elected Vice-President Paul Le Mottee of Le Mottee Group and 10 other HIA members will form the Hunter Regional Executive Committee”, said Mr Jennion.

“The role of the Regional Executive Committee it is to represent the local region, assist in the development of HIA policies and provide a local forum to deal with regional issues”.

In addition to the appointment of a new President and Vice-President two new members, Megan Mottley of Polytec and Greg Doodson of Suncoast Bathroom Renovations were also elected for the first time. “This injection of new members with experience across the region is timely considering the continued growth of the sector across the Hunter and Central Coast”.

“With a strong understanding of the challenges those in the residential building and construction industry face daily I’m certain that Grant will successfully lead the skills and experience present on the HIA Hunter Regional Executive Committee”, Mr Jennion said.

“It is a great honour to be elected to lead the HIA Hunter Regional Executive Committee and I hope to build on the legacy of previous Hunter Region Presidents by strengthening the capacity and capability of both the Association and its members.” said Mr Williamson.

“I look forward to working with the new Hunter Regional Executive Committee to develop policies and approaches that ensure that we retain a competitive residential housing industry, something which is critical to the economic wellbeing and growth of not only the Hunter but NSW more broadly”, concluded Mr Williamson.
