

Improving the health and welfare of our industry

The HIA Charitable Foundation has a history of stepping up to support causes that matter to the residential building industry. Our aim is to improve the health and wellbeing of HIA members, their families, and the wider community, and we do this by providing financial donations to best-practice research organisations.

We've done some great work so far:

\$50K

donated to Tradie Health Institute: For world first research into Silicosis

\$1.2M

donated to Beyond Blue: Connecting people to mental health support

\$400K

donated to NCARD: For research into Mesothelioma

\$40K

donated to the Victorian Homeless Fund: Helping provide housing relief for women & children in need

There are numerous ways to help:

- ✓ Direct Donations
- ✓ Making us your charity of choice
- ✓ Spreading the word
