Participant Handbook

This Participant Handbook has been written to provide you with important information about undertaking courses and professional development programs with us. Please take the time to read this Handbook and ask one of our team members if there is anything you are unsure about.

CODE OF CONDUCT

The HIA Training Code of Conduct guides the actions and behaviour of all who are involved in providing training and assessment services. Development of the code reflects our commitment to all our stakeholders who are:

- Our Participants
- Employers
- The Industry
- Our Members
- Our Staff
- Our Regulatory Body - the Australian Skills Quality Authority (ASQA)
- The Consumer - the ultimate beneficiary of our skilled professionals

The following principles provide the foundations for our Code of Conduct:

- ❖ We will act with integrity at all times in our dealings with our stakeholders.
- ❖ We will ensure that our practices are consistent; participant focussed and in line with our conditions of registration with the Australian Skills Quality Authority (ASQA) at all times.
- ❖ We will ensure access to our services is non-discriminatory and our administrative processes do not unfairly disadvantage any person.
- ❖ We will provide clear and accurate information about the training products and services we offer.
- ❖ We will maintain a learning environment that is conducive to the success of all participants.
- ❖ We will maintain records of all participant engagement with training and assessment.
- ❖ We will ensure that we have clearly documented processes to support the quality management of our training operations.
- ❖ We will ensure continuation of training and assessment services to all our participants through responsible financial and business management practices.
- ❖ We will actively seek stakeholder feedback about all aspects of our training and assessment services to ensure that we continue to improve these services and meet the changing needs of our stakeholders.
- ❖ We will make every effort to ensure that each participant is able to complete the course in which they have enrolled. In the event that this is not possible the participant will receive a refund for the proportion of services not received.

Information on how we meet these principles is contained in this Participant Handbook and in our HIA Training Policies.

ACCESS AND EQUITY

What is Access & Equity?

Access refers to a person's ability to participate fully in our training and assessment services, regardless of racial, religious, cultural or language backgrounds, as long as they can meet the entry requirements of the Training Package.

Equity refers to how we apply the guidelines and practices that make access possible and that we apply these equally to all persons.

How do we support Access & Equity?

HIA is fully committed to the entire process for every participant. From the design of our courses through to ensuring Natural Justice should things go wrong, we recognise the barriers that may exist and will take steps to ensure these barriers are identified and removed or reduced.

Our People - We have Policies which guide the behaviour of our people and the culture of our business to ensure that Access and Equity are not just words, but a belief system.

Our Courses - Our courses have flexible pathways and delivery options including course structure, locations, timetabling, classroom based and online delivery options.

Our Selection, Enrolment and Administrative Processes - The selection criteria for entry into our courses are based on the requirements of the training product. Our administrative processes are designed to be simple and flexible, for example, completion and processing of enrolment documentation may be via electronic or hard copy, and will not be unnecessarily complex.

Our Training Environment - We actively promote an inclusive training environment by being supportive, setting standards for all participants, determining any special needs that may exist and ensuring that physical access is available to participants that may have difficulties.

Our Assessment Processes - We will recognise existing skills of our participants and provide them with adequate information about the assessment process and requirements to ensure they are ready for assessment and negotiate the time and place for assessment.

Support - We recognise that from time to time a person may require additional support to complete the course. We encourage all participants to discuss with us any special needs that they may have and where possible we will make adjustments to the training or assessment to accommodate these needs.

Participant welfare - The welfare of every participant is important to us and we will not allow bias, discrimination or harassment to interfere with any person's ability to fully participate in the training course.

Natural Justice - And, if things still go wrong, we have a fair and equitable complaints process that will not put any person at a disadvantage or interfere with their course whilst the issue is being resolved.

We will ensure that you are aware of the requirements of the assessment and will negotiate assessment arrangements, including timeframes and readiness for assessment, with you.

An application for appeal will be considered where you

- claim disadvantage because the trainer did not provide, in either written or verbal form, a subject outline

Resolution of Complaints and Appeals

- HIA will involve the relevant staff members to resolve the complaint or appeal

Right to Have Your Existing Skills/Qualifications Recognised

General Principles

Under the Standards for RTOs 2015, we must recognise AQF Qualifications and Statements of Attainment issued by any other RTO. We will also recognise and assess the skills and knowledge you have gained over your years of work and life experience. The underlying principle of Recognition of Prior Learning (RPL) and Credit Transfer (CT) is that no participant should be required to undertake a unit of competency for which they are already able to demonstrate competency as outlined in the endorsed training package.

We will offer recognition to all participants for any nationally recognised course we offer, prior to enrolment. We will only recognise credit for qualifications/units of competency completed within the Australian Qualifications Framework. All participants are informed at the pre-training induction of the availability of RPL/CT recognition. All participants have the right to apply for RPL/CT.

Applying for Credit Transfer (CT)

If you have previously completed some of the units contained in your chosen training course, you can complete an Application for Credit Transfer form or indicate on the pre-training induction paperwork that you wish to apply for Credit Transfer.

In order to apply for a CT, you must supply evidence to show that the unit(s) of competency has been successfully achieved. Evidence for this may include a Statement of Results, a Statement of Attainment or a USI Transcript. This evidence will be verified with the issuer and we will require written consent from you to do so. Evidence must be provided prior to the commencement of the course. Where CT is being sought for units with different unit codes and there is insufficient correlation between the unit previously attained and the unit being sought, then you will be referred to the RPL application process.

We will assess the application and notify you of the outcome. If the CT application is successful, you will not need to attend classes or complete assessments for that unit of competency. Successful CT applications may result in a reduction of the total course costs.

Applying for Recognition of Prior Learning (RPL)

In order to apply for an RPL, you must supply evidence to demonstrate prior learning and relevant skills and knowledge gained through work and life skills. Evidence for this may include;

- Position descriptions from current/previous employment
- References from current/ former employers

- Work samples
- Resume
- Verified AQF documentation

If you feel that you have gained the required skills and knowledge for some of the units contained in your chosen training course, you can complete a Request to Apply for RPL form or indicate on the pre-training induction paperwork that you wish to apply for RPL.

An RPL kit for that unit(s) of competency will be provided. The kit explains the process and outlines the evidence required to assess RPL. Complete and submit the RPL kit and all of the evidence to us.

Fees are payable for this RPL service prior to assessment.

A qualified assessor of HIA Training team will assess the application and notify you of the outcome.

If the evidence is sufficient to demonstrate current competency against the unit(s) of competency requirements, RPL will be granted and you will be notified.

If your RPL application is successful, you will not need to attend classes or complete assessments for that unit(s) of competency.

Unsuccessful applications for RPL/CT

If you are unsuccessful in the RPL/CT applications then you will be advised accordingly and will be provided with options to provide additional evidence to support your application or attend training for those units of competency.

Assessment Appeals

If you are not satisfied with the outcome of your RPL/CT application, you can access our Assessment Appeals Policy and appeal the outcome.

Right to Access Your Records

Our policies and procedures ensure that you have timely access to records related to your participation, progress and final outcomes upon written request. We will manage current and past records of your participation in training to ensure their accuracy, integrity and privacy at all times.

Your records will be managed in line with the following principles:

- Our Records Management processes meet all regulatory and legislative requirements
- Records are kept in a consistent and easily accessible format
- Records are routinely checked for accuracy and currency
- Records are secure and protected
- Only authorised staff have access to participant records
- HIA Training offices and work areas are secure and limited to authorised personnel
- Electronic records are routinely backed up

During the period of your enrolment we will provide information on the status of your training and assessment to ensure that you are able to progress through the course in accordance with the training schedule as discussed at your enrolment.

If you require access to your training records held by us you will need to apply in writing using the Access to Records Request Form. This form can be obtained by contacting your local HIA Training team on 1300 650 620, during business hours. You will need to provide evidence of your identity prior to the release of the records.

We will provide the records to you via email, over the phone and/or hard copy via regular post.

Should you wish another person to receive your records on your behalf, you will need to provide the details of that person on the form and they will need to provide evidence of their identity before the records will be released to them.

There is no charge for you to access personal information; however we may charge a fee to make a copy of this information.

Re-issue of Certificates

In line with our Privacy Policy, Certificates and Statements of Attainment are considered personal information.

Replacement certificates can only be re-issued where the details provided on the form match the details we have on record. You can request a replacement certificate or statement of attainment by contacting your local HIA office. Please note that the reissue fee may be applicable.

If you have changed address, we can send the replacement certificate to the new address as long as you have also provided the address that we have on record.

The name on the certificate must match the identification provided at enrolment. It is not permissible to alter the name unless it is to rectify a clerical error.

Please contact your local HIA Training team on 1300 650 620, during business hours for details about the cost of a replacement certificate.

Submission of Assessments

Participants will be informed at the commencement of a training course what is expected in an assessment, and the criteria by which a participant will be assessed. Participants are assessed across a wide range of tasks/activities to ensure reliability and validity of assessment. Instructions for assessment tasks/activities are made clear and explicit and participants are allowed a reasonable and specified time to complete assessment tasks.

All assessments can be submitted either electronically or in hardcopy (depending on the course delivery mode) to HIA Training.

For hard copy assessments, participants must keep a copy of all assessment work that is handed in. HIA Training accepts no responsibility for lost assessments and will not return originals to the participants.

Due dates of assessment tasks are provided to participants by their trainer/assessor. HIA Training has a 4 week recommended timeframe from the last class to the due date of an assessment. The trainer/assessor will inform participants if the due date differs for any particular assessment.

Late Assessment Submissions

Where a participant hands in an assessment outside the times listed in the Assessment Booklet Instructions, or informed by the trainer/assessor, as long as the version of the assessment booklet is the same or is of a minor version change, the assessment is accepted for submission and assessing.

Where the version change is of a major change due to validation feedback or training package changes, then the assessment can only be accepted for submission if advised by the National Product Manager.

Where a participant hands in an assessment outside the times listed in the Assessment Instructions, or informed by the trainer/assessor and it is not accepted for submission, then the participant will be advised of the next step. This will be a case by case discussion between the participant, trainer/assessor/training manager and National Product Manager.

Request an Extension of Time for Assessment

We understand that there may be occasions where events can interfere with your ability to complete assessment tasks in the timeframes originally agreed.

To request an extension, please contact HIA training staff.

Right to Re-Submit Assessment

Specific information about the completion of assessments is contained within each assessment booklet.

If you submit an assessment task that has incorrect answers, or answers that are incomplete or do not address the requirements of the unit(s) of competency you will be given the opportunity to re-attempt the assessment.

A maximum of two re-submissions (three attempts) are allowed. Should the assessment still not meet the requirements of the unit(s), further training may be recommended. You may be charged for any additional training required.

No Cheating and/or Plagiarism

We have a zero tolerance towards cheating and will not issue an assessment outcome of Competent for any unit(s) where cheating has been proven.

We will conduct all investigations into suspected cheating with respect for the participant at all times.

We acknowledge that the level of intent to deceive and the extent of the plagiarism should be the criteria for determining penalties.

Penalties for plagiarism will vary and may include counselling and a warning or a finding of Not Competent for the unit/s of competence. We will consider the extent of the plagiarism, whether it is a first or repeated offence, whether there is evidence of deliberate deceit and whether advantage has been taken of another participant.

Definitions

Cheating is an attempt to obtain or give credit for work, or any improvement in evaluation of performance, by any dishonest or deceptive means. The most common form of cheating is plagiarism.

- Clarify/check what actions could be interpreted as cheating and plagiarism
- Produce original work with appropriate and correct citations where work, information or ideas are taken from any source
- Take careful notes of ideas or information are sourced
- Ensure any completed assessments are authentic and are your own work

How we manage and deal with cheating and plagiarism

We will not suspend any training whilst investigating alleged cheating. However, no further assessment submissions will be accepted until the matter under investigation is resolved.

The following procedures describe the process for managing alleged cheating and plagiarism:

- When cheating is suspected, the staff member will report the incident, together with relevant evidence, to the Training Manager.
- On receiving details of alleged cheating, the Training Manager, together with the staff member reporting it, will decide whether or not plagiarism has occurred.
- If plagiarism has not occurred, there will be no further action
- If cheating or plagiarism has occurred; the Training Manager will provide appropriate educational or remedial advice to you.
- You will be:
 - given written notification of the nature of the fault in your work
 - provided with the opportunity to correct your work
 - given the opportunity to re-submit the assessment (or part thereof) for remarking
- Repeat offences may result in your withdrawal from training and your enrolment cancelled
